

WE ARE HIRING

Forest

JOB POSITION : FIELD FORESTER

✓ **Openings:** 1, Full-time

✓ **Location:**
Hawai'i Island, Kona-Kohala region

✓ **Job Overview:**
We are hiring a Field Forester for an entry to mid-level position on Hawai'i Island, reporting to a Senior Forester. This role involves implementing and managing forest projects, supervising crews, ensuring safety, and handling weed control and equipment oversight. Duties include off-road travel, hiking up to 6 miles, and occasional helicopter flights. The position is mostly field-based with minimal office tasks (less than one day per week). Ideal candidates will have strong technical skills, flexibility, and self-motivation.

✓ **Qualifications:**

- Bachelor's degree in a related field or 4-6 years of relevant field experience and formal training.
- Ability to work both independently and in a team.
- Knowledge of Hawaiian natural resources and ecology is desirable.
- Experience with herbicide applications, and mechanical skills are a plus.
- Willingness to travel to other Hawaiian Islands
- Able to camp in remote locations up to a week at a time, sometimes consecutive weeks.
- Experience in the use of a computer and Microsoft Office suite, basic knowledge of ESRI ArcGIS software, able to upload/download GPS data.
- Ability to speak languages other than English

✓ **Compensation:**

Starting at \$60,000 per year, depending on experience; 401K retirement plan; healthcare including general, dental, and vision; and PTO policy plus holiday pay.
