& SEA**

YOUTH ART CONTEST

Calling all youth in grades K–12! Celebrate responsible wildlife viewing by taking part in our Share the Shore & Sea Youth Art Contest.

“Share the Shore” is a call to appreciate wildlife from a distance—for their protection and our safety! When we share the shore and sea with whales, dolphins, sea turtles, monk seals, and corals, we prevent disturbing them from all of the important behaviors and functions that allow them to survive and thrive.

Art must:

- Be the original work of K–12 students.
- Feature **protected marine species in the Pacific Islands region** (whales, dolphins, turtles, Hawaiian monk seals, and/or corals).
- Be in the form of a painting, drawing, sculpture, or digital illustration.
- **Not** show people in close proximity to wildlife.
